● WORD OF THE FOUNDER

“FOR ME, THIS WAS THE LAST PIECE OF THE PUZZLE MISSING ON MY TENNIS PATH.

I was thinking about this step for a long time and when me and my team started talking to our partners Lošinj Hotels & Villas few years ago, I quickly realized that this place is perfect for what we want to create.

With all the experience I have in tennis, I knew the Academy is going to be as strong as the team is. I wanted to get the best possible people to work here and to share their skills and knowledge with Academy players.

In the first year we were focused mostly on PROs and young talents, but also on setting up everything needed for every tennis player, who comes to the Academy, to have the conditions to fulfill their potential, be their best.

Now it is a time for phase two of our project. We are opening our doors to amateur players who want to bring up their game to another level and enjoy this amazing island, which even after 2 years spent here still manages to blow my mind everytime I come back."
